

Assignment Five: Opinions

Before: a great start

I don't think kid **shoul d be play8ng** games all **teh** day.

My son loves a game **name is** Fortnite. He's ten and all his friends play the games **s** too.

So, I **think it's not** good for kids for three reasons. **One**, he wants to play but doesn't want to do homework. **Two**, he wants to play even **if** he just **wakes** up **int he** morning. **3**. He acts like **addiction**. I **means is** he can't stop playing. **Even** I tell him, **no don't** play **hat**, **stilll he** plays.

So, **finally**, I had to say no more **game** for week **but then** he mad. If **he** mad, I'm **ok**. I just want him to be healthy **or** happy.

After: much better

My son loves a game called Fortnite. He's ten, and all his friends play the game too, but I don't think kids should spend a lot of time playing video games.

In fact, I don't think it's good for kids for a couple of reasons. For one thing, my son wants to play, but doesn't want to do his homework.

The other thing is that he wants to play it as soon as he wakes up in the morning. He seems like an addict. He can't stop playing, even when I tell him not to.

So, finally, I had to say no more games for a week. He got mad, but I don't mind. I just want him to be happy and healthy.

Feedback

Great job. You have some small grammar mistakes, but the meaning was clear.

1. Organization

We rearranged a few sentences to make them connect more smoothly.

Before

I don't think kids should be playing video games all day. My son loves a game called Fortnite. He's ten and all his friends play the game too.

After

My son loves a game called Fortnite. He's ten, and all his friends play the game too, but I don't think kids should spend a lot of time playing video games.

2. Usage

Try not to use numbers when sharing ideas.
Numbers are best for lists.

Example

Here are the available class times.

1. Saturday, 10 AM
2. Sunday, 10 AM
3. Sunday, 12 PM

When writing your *ideas*, use expressions like these:

One reason is ... / For one thing ...

Another reason I feel this way is ...

The other thing is ...

Let's practice again in the next assignment.

This is just a sample.
